### Coverage Gap Stage

Begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches \$3,750.

You pay 35% of the negotiated price (and a portion of the dispensing fee) for your brand name drugs and 44% of the cost for your generic drugs.

### Catastrophic Coverage Stage

After your yearly out-of-pocket drug costs reach \$5,000, you pay the greater of:

- 5% of the cost, or
- \$3.35 copay for generic (including brand drugs treated as generic) and a \$8.35 copay for all other drugs

Some of our network pharmacies have preferred cost-sharing. You may pay less for certain drugs if you use these pharmacies rather than pharmacies that offer standard cost-sharing.

If you reside in a long-term care facility, you pay the same as at a standard retail pharmacy.

You may get drugs from an out-of-network pharmacy, but may pay more than you pay at an in-network pharmacy.

Cost-Sharing may change depending on the pharmacy you choose (e.g., Preferred Retail, Standard Retail, Mail-Order, Long Term Care (LTC) or Home infusion, etc.), whether you receive a 30, 60 or 90-day supply, and when you enter another phase of the Part D benefit. For more information, please call our Member Services Department at the number provided in this document or access your Evidence of Coverage online.
