SECTION A

Please answer the following questions

1. Yes No Is the diagnosis or indication for the treatment to decrease the incidence of infection, as manifested by febrile neutropenia, in a patient with non-myeloid malignancies receiving myelosuppressive anti-cancer drugs associated with a clinically significant incidence of febrile neutropenia?
2. Yes No Will a baseline complete blood count (CBC) and platelet count be performed prior to the initiation of Fulphila?
3. Yes No Is the prescription being written or recommended by an oncologist, hematologist, or infectious disease specialist?

DATE

FAX COMPLETED FORM TO: 1-877-251-5896

Our response time for prescription drug coverage standard requests is 72 hours. If you or your prescriber believe that waiting 72 hours for a standard decision could seriously harm your life, health, or ability to regain maximum function, you can ask for an expedited (fast) decision. If your prescriber indicates that waiting 72 hours could seriously harm your health, we will automatically give you a decision within 24 hours. If you do not obtain your prescriber's support for an expedited request, we will decide if your case requires a fast decision. You cannot request an expedited coverage determination if you are asking us to pay you back for a drug you already received. View our formulary and Prior Authorization criteria online at <http://www.villagehealthca.com>
